YoPro

YoPro YP2020 and Pro2 YP2020 Functional Yogurt Dry Blend

Real Ingredients has developed proprietary functional powder ingredients YoPro YP2020 and Pro2 YP2020 which can be suspended in water, followed by pasteurisation to produce a creamy stir-type yogurt with a mild, lactic, pleasant flavour. There is no fermentation required and no whey separation giving 100% yield.

Advantages

- ✓ Long shelf life, 24 months storage at ambient temperature
- ✓ Consistently produce high quality stirred-type yogurt
- ✓ Excellent solubility and functionality
- ✓ 100% yield recovery, no acid whey separation required
- ✓ No fermentation required resulting in a reduction in process time and cost
- ✓ Flavour can be added
- ✓ Real Ingredients can supply a range of flavours such as vanilla, strawberry etc.

Final Product Characteristics

- ✓ Clean, lactic, natural flavour
- ✓ Excellent functionality
- ✓ Pleasant mouthfeel

Ingredients

- 1** YoPro YP2020 functional yogurt dry blend
- 2** Pro2 YP2020 functional flavour and stabilizer dry blend
- 3** Acidulant
- 4** Water
